BECKER - BUFORD BILL KILLED It Sought to Alter Method of As

troduced by Senator Buford at the Westphalian village which is inhab-

BOSTON, March 12.—Chan man Wickersham of the Law Enforcement Commission today interpreted MAY BE PROBED the commission's prohibition report as holding more comfort for the wets than the drys. He expressed surprise that "the most vehement criticism" had come from anti-pro hibition sources, adding he though the wets would have derived mo encouragement from the report and the separate statements of the commissioners attached to it than

the drys.

The 72-year-old commissio chairman included this statement in a luncheon address before the Boston Chamber of Commerce, Hitting at various criticisms of the prohibition report, Wickersham asserted it was untrue that the commission's conclusions and rec-

ommendations "were utterly at variance with the report." "Not a \$5 a Word Report." He denied statements that the dry law study had cost \$500,000, or "upward of \$5 a word." The total amount expended upon it, he said, was \$56,958.59, addition of overhead expenses leaving the cost below \$100,000.

The time spent upon it, he said "has left us with too short a period in which to complete with satisfaction the adequate considera tion of the reports of experts upon other matters which are either now before us or in preparation." The commission technically ceases to exist after July 1.

Discussing reactions to the comission report, Wickersham said comments of "the dry press and of dry organizations" had been friend-

"They seem," he continued, "tohave taken to heart the criticisms of the methods adopted by prohibition advocates in the past, and to have realized from the description of existing conditions the need of rallying their forces and reconsid-

Charges Intolerance. "In the past there has been "You know these investigations the extreme intolerance of the prohibitionists. Their peculiar characteristics of late appear to have been appropriated by their opponents. Apparently a large body of anti-prohibitionists expected the commission to find a way for them to secure liquor with ease and were enraged when we failed to do so."

Dry agents visited the office hree days later and found 24 bottles of liquor in the trunk. Target Practice.

"I've Told Everything," Broker Says After 90 Minutes on Stand Questions Mays' Statement.

LATTER TESTIFIES IN BAR INQUIRY

Grievance Committee Questions Grand National President Today and Lemon Tomorrow.

Following the interrogation of Arthur C. Hilmer, senior partner of the defunct brokerage firm of Lorenzo E. Anderson & Co., and two accountants familiar with the company's affairs, the grand jury adtourned yesterday afternoon until next Wednesday at 2 p. m., when it will resume its investigation into the recovery of \$822,000 in stoler

bonds for the Grand National Bank. Ed Mays, president of the Grand National Bank, appeared this afton before the Grievance Committee of the St. Louis Bar Associa tion in its investigation to deter-mine whether the methods used by lawyers in recovering the loot were in accordance with legal ethics. State Representative Joseph L. Lemon, now in Jefferson City, 18

expected to return to St. Louis for examination by the Grievance Committee tomorrow afternoon. Mrs. Melicent H. Miller, Wife of Truck Driver, Lays Fraud to His Small Pay.

Mrs. Melicent H. Miller, who de-frauded three department stores of merchandise valued at \$1000 be-cause her husband's salary was in-adequate to support her in accus-tomed style, hopes her grandpar-ents will "get me out of this mess." Mrs. Miller, 21 years old, and married for the last three years to Francis Miller, truck driver, wept as she discussed at Police Headas she discussed at Police Headquarters yesterday the scheme whereby she charged clothing, fur-niture and an electric refrigerator,

to other persons' accounts.
"I guess it was because I'm spoiled," she said tearfully. "My grandparents gave me overything I wanted before I moved away from hem three years ago, and I reckon hat being poor was just too

Started With Duplicate Slip. The finding of a duplicate charge slip, which someone had thrown away, made possible Mrs. Miller's first fraudulent purchase, last September, she told detectives fter her arrest yesterday afternoon n Famous-Barr & Co. She noted he name on the slip and hurrying into another department of the store, made a purchase, taking the

Another time, she said, she stood beside a woman making a charge purchase and overhearing the name and address, used it in buy-ing a quantity of silk underwear. "After that I learned to stand behind the salesgirl and read the names she wrote in her book,"

Mrs. Miller explained.
"I learned that Mrs. J. J. Turner, of 4833 Margaretta avenue, had a charge account at Stix, Baer & Fuller and so I went down to the refrigerator department there. Mrs. Turner's name clicked with the credit manager and I ordered a refrigerator, saying I wanted it right away.

"The salesman told me they didn't keep them in stock and I told him I'd hire a truck and go out to the warehouse and get the machine myself. And that's what I did. I got a kitchen cabinet at

Nugent's the same way."

At one time Mrs. Miller ordered a number of photographs of her-self, using another woman's ac-count at Famous-Barr. She did not call for the prints, however, and when the woman in whose name the account was, denied hav-ing ordered pictures, store deteces were furnished with copies of the photograph and instructed to

Caught on 75-Cent Purchase. She was caught, however, trying make a 75-cent purchase in the amous-Barr bakery. The charge slip was sent to the credit authorizng department, as was customary, and an employe there was suspicious. Mrs. Miller was asked to go to the credit office and there, half -dozen store employes identified her and she confessed.

The cabinet, the refrigerator and most of the other purchases were recovered at Mrs. Miller's home, 3703A Iowa avenue, and officials of Famous-Barr and Stix. Baer & Fuler said they would not prosecute. However, police were told at Nugents that the store would apply for two warrants against Mrs. Miller

Released on a \$500 bond, late yesterday, she departed, still hoping her grandparents would see her through. "This is just a fool mistake," she said. "Here I am, a woman with a high school and busi-ness college education, in this pre-dicament when I didn't need to steal at all.
"Grandmother always allowed me

to charge things on her account. What will my husband say? That remains to be seen. He didn't know what I was doing, but he told me once that if my 'purchases' were irregular, I'd have to pay the

CONTRACT FOR STEEL WORK ON M-K-T BOONVILLE BRIDGE

\$800,000 Job Awarded by Railroad;

Missouri River Span to Be Ready in January. The Missouri-Kansas-Texas Railroad has awarded an \$800,000 contract, for the steel superstructure of its new bridge across the Missouri River at Boonville, Mo., to the American Bridge Co. The

the American Bridge Co. The bridge is to be completed next January, replacing one erected 60 years ago as the first rail bridge over the Missouri between St. Louis and Kansas City. The two structures, each single track, are about 50 feet apart.

Piers and other substructure work of the new bridge have been completed at a cost of \$438,000. The bridge will have a vertical lift span over the channel 408 feet long, which will provide a clearance of 57 feet for boats at low water. M.-K.-T. executives think this is the longest railroad lift span this is the longest railroad lift span in the country. The length of the span complies with War Department requirements for channel

clearance. Electric power will be used to raise the span. The bridge proper is 1655 feet long. The railroad received bids here today for construction of a 1,-000,000-bushel grain elevator at Kansas City as an addition to a 2,225,000-bushel plant there now. Estimated cost was \$250,000. Of-ficers of the road anticipate a large

FIRE IN 3 BUILDINGS

Three-Alarm Blaze on South Main Starts in Laundry Supply Store.

Fire starting at 5 a. m. today in a laundry supply concern at 110 South Main street operated by "Purity" Jones spread to two other buildings, causing total damage es-timated at \$30,000.

in, bringing 15 engine companies to the scene. The blaze was accom-panied by dense smoke, which ham-pered the work of firemen. Dampered the work of firemen. Damage at the laundry supply concern was estimated at \$5000 to the building and \$10,000 to the contents.

At the St. Louis Flour Co., 106 South Main, the loss, chiefly from water, was \$12,000. Thomas M. Brady & Co., cotton brokers, 108 South Main, suffered \$3000 damages from fire and water.

age from fire and water.

The cause of the fire was not

Fireman Seriously Hurt in Fall Through Roof. Fireman Michael Stretch. 4672

Fireman Michael Stretch, 4572
Evans avenue, attached to Engine
Co. No. 6, suffered fractures of
both legs and internal injuries
when he fell through a hole in the
roof while fighting a fire at a onestory building at Lewis and Smith
streets last midnight. He is in a
serious condition at St. John's Hosnital

The fire, of undetermined origin, caused \$7000 damage. The building, formerly a branch of the Polar Wave Ice and Fuel Co., was un-

JOHN P. THOMY, SALES MANAGER OF BANDY FIRM, DIES

Former Resident of St. Louis Suc-cumbs to Cerebral Hemor-rhage in Chicago.

John P. Thomy, general sales manager of the Lowney Candy Co. of Boston, and former president of the Best-Clymer Co. of St. Louis, died yesterday in Chicago of a cerebral hemorrhage. He was in Chicago on business and had intended coming to St. Louis today to

visit friends and relatives.

Mr. Thomy, who was 50 years old, was born in a Baltic province and resided in St. Louis from 1895 to 1928. He had been prominently identified with the lead, paint and food industries here. His St. Louis business connections included the Hammar Bros. Lead Co., the Campbell Paint & Varnish Co., the St. Louis Lithopone Co., and the Best-Clymer Co., of which he was made president in 1926. He left St. Louis three years ago to be-come president of Preserves and Honey, Inc., of Brooklyn, N. Y.

He is survived by his widow, Mrs. Vera Lawrence Thomy; two Mrs. Vera Lawrence Thomy; two sons, Lawrence Thomy of Chicago and John P. Thomy, a post-graduate student at the University of Missouri; and two sisters, Mrs. Anna T. Breen and Mrs. Fannic Friedman, both of St. Louis. The funeral will be held at Lupton's undertaking establishment, 4449 Olive street, with burial in Valhalla Cemetery. The time will be an-Cemetery. The time will be an-nounced after the arrival of Mrs.

(Copyright, 1931.) MOSCOW, Feb. 14, by Mail. even for foreigners. Besides There is no thermometer in my the ever-existent shortages in food and clothing and other supplies, there is the wrangle over he cracks in the putty that seal up

edges of the inner set of the doue windows in the room The fuel crisis is caused by transportation problems. The authoriies find it difficult to haul in the ast amount of wood necessary to heat the capital, and on top of that labor for cutting and splitting the logs is scarce, even with wood fetching \$31.50 a cord delivered.

and other public rooms higher than

Three Hotels; State Operated. Just three hotels exist for forsigners here, and like all other property they belong to the State and are operated by managers for the Soviet Government. They are the Savoy, where I am; the Grand, a huge structure facing the main gateway to Red square and opposite the Kremlin, and the Metro-pole, another large building in

front of the opera house. All three are jammed and have long waiting lists. The only way to get in is through Government ntervention. The Savoy and the Grand are packed with American engineers, some Germans, and a portion of the staff of the British Embassy. The latter are here waiting for the renovation of their oficial quarters. The engineers are waiting for a break in the weather o proceed to the various projects on which they are employed in the

During the winter the extreme old paralyzes all building construction, and work on the differnt units of the five-year plan can ot start again until April.

On Cot, Room Unheated. I wired ahead for reservations and friends in Moscow had called at the hotel to a range accommodations, but when I arrived with my pile of baggage there was nothing doing. I finally obtained a cot night, and it was fortunate I had my own blankets to reinforce the bed covering or I should have

Next day the Foreign Office oficials at the Narkomindel telephoned the manager, asking him o give me quarters, and I received a nice room with alcove and bath, price \$15 a day.

Things come high in Soviet Russia; a pot of tea without milk or sugar and hot water, costs 67 cents. the bread is nothing to brag about and you can get put in jail for even asking for toast. And the floor waiter says there is no jam. Ham and eggs, three eggs and mighty litle ham, costs \$1.75, and pot of fierce coffee and watered, condensed milk is 75 cents. The coffee has a quaint flavor of chocolate which is extremely original for Java, and may be due to the fact that cocoa is made in the same pot for people addicted to that.

A Modest Meal for \$5.

Downstairs the hotel has opened a restaurant in the premises formerly occupied by Dr. Hammer, the American who obtained the pencil monopoly in Russia just after the revolution and who was recently bought out by the Government. The room has been deco-rated tastefully, and the head waiter wears a black suit and the ordinary waiters wear white jack-

ets. An orchestra plays during luncheon, which starts at 3 o'clock. Caviar costs \$2.90, which is more than it is priced at in Ciro's in Paris and about the same as at the Savoy in London. Other dishes are more reasonable, especially in view of the large size orders which are served. Soup and fish and meat, the latter almost exclusively in the form of wiener schnitzel and a form of wiener schnitzel, and a glass of tea, with tip comes to about \$5. No tips at the frontier, and only a modest gratuity for the sleeping car porter, but here the regulation 10 per cent for service

For dessert there is jelly at 75 cents or a tasty roly poly-sort of cake with jam between the layers and sugar sifted on top that costs

Wine and other drinks are expensive. A tiny little carafe of vodka costs three rubles and 90 kopecks, just under \$2. This is a good deal more than in Le Maisonette Russe in Paris, Reislinger is priced in the Grand Hotel, restaurant at \$25 a bottle. Even the local Russian wines from the Crimea. Russian wines from the Crimea. eavy, sweetish stuff, costs \$11 a

ottle and up. Hotel and restaurant prices have early trebled in the three years ince my former visit, but no kicks re registered. Those who can of-ord it are glad to get food and

irink at any price.

A friend of mine in the diplenatic corps—I knew him when he
was a secretary in a certain embassy in Paris—told me an illumi-

nating story of how things work ing practically no rent, have small here. His wife needed a new pair expenses. But they are unable to here. His wife needed a new pair of patent leather slippers for evening wear, and he was referred to a high class custom shoemaker.

NEWTON IS APPOINTED AS TRANSIT ADVISER

Former Congressman to Serve as Special Counsel for Aldermanic Committee.

Appointment of Cleveland Newton as counsel for the specia Transportation Committee of the Board of Aldermen will be passed upon by the Board of Estimate and

from the Tenth District and general counsel of the Mississippi Association, was selected by the committee, headed by Alderman Wiehe, at its meeting yesterday The Board of Estimate recently voted to approve the employment of counsel, but reserved the right to

Wiehe, in proposing that Newton be retained, spoke of his work as counsel for the special bridge com-mittee, which brought about the agreement with the Terminal Association for use of the Municipal Bridge by the Terminal and for opening of the upper deck of Eads Bridge as a free public highway.

was that of Oliver T. Remmers chairman of the Election Board Alderman Lange favored him because of his work in the Safety Council, which has a relation to transportation and traffic probems.

For its guidance in dealing with

the transportation problem and shaping proposed legislation, the committee will have the recent report of the Transportation Survey Commission, with the recommenda-tions of its expert, R. F. Kelker Jr. The compensation of the commit-

tee's counsel will be fixed by the Board of Estimate. For his work as counsel of the bridge committee, Newton received \$6000.

FIRST APARTMENT HOUSE IN U. S. THREATENED BY FIRE

New Orleans Buildings Erected in 1850; Chief Damage Is to His-

NEW ORLEANS, La., March 12. -The first apartment houses America, built here in 1850 by the Baroness de Pontalba, were threatened by fire last night, but firemen quickly brought the blaze under

The chief damage was to many historical documents housed in one of the buildings. The two houses are a block long each and three stories high. They

flank the Place des Armes that was renamed Jackson Square after the War of 1812.
At the time of their erection. with hand-wrought iron balconies overhanging the sidewalks and little French courtyards with foun-tains and wistaria, the apartments were among the most exclusive residences in the land. The Bar oness, daughter of the wealthy Don Andres Almonaster y Roxes of

Spain, lived in one of the sections and there entertained Jenny Lind.

TAKEN BY RAIDERS

Evading Injunction With

John Doe Warrant, U. S.

Merchant Goodlehow active of the pelvis and right hip.

Withesses reported that a signal light at the crossing was in favor capital stock paid in.

GASTONIA, N. C.. March 12.—

The First National Bank of Gastonia, which closed Dec. 15, reopened today with \$500,000 new light at the crossing was in favor capital stock paid in. Agents Descend on Cotton Club in Cicero.

by the Associated Press.

CHICAGO, March 12.-The Cotton Club, operated in suburban Cicero by Ralph Capone, brother of "Scarface Al," was raided by Federal prohibition agents early to-day and the safe cu. open with acetylene torches in a search for records of liquor traffic. Several papers were taken to the Federal

The place was operating under temporary injunction, issued by United States District Judge Wil-kerson May 14, 1930, which prevented raids unless there was def-inite evidence of law violation. Officials sidestepped the injunction by ntering the place on a John Doe warrant. After discovering liquor, they said, they were 're to move about inside as they wished, since the liquor would prove law viola-

The raid was the upshot of a revious visit by Roy Budd and Dan Copely, Federal prohibition igents, who were sitting in front of the place March 5 in an automobile when accosted by a gunman and Jack Karron, the Cotton Club doorman. Despite the fact that they disclosed their identities, Budd and Copely said they were taken to the Cicero police headquarters. They were subsequently released after charging Karron with interfering with Federal officers.

This morning Budd and Copely led a squad of Federal officers into the place. They reported they found half a dozen guests, chorus girls and orchestra musicians scattered over the club. The guests promptly smashed some bottles of iquor on the floor, but there was no other confusion.

After releasing the guests, chorus girls and musicians, the raiders began a methodical search of the place for liquor and other evidence. When Manager Jacob Spielman re-fused to give them the combination to the safe, they decided to try to cut it open.

Ralph Capone is under sentence of three years for an alleged income tax violation, but has appealed. "Scarface Al" also has been sentenced to six months in fail by Judge Wilkerson for contempt and is facing trial in State Court for vagrancy. Cicero is the Capone stronghold and headquarters.

DIES WHILE WIFE UNDERGOES **OPERATION RESULTING FATALLY**

Ben A. Crockett Jr., 41, Found Dead in Bed; Mate Succumbs Ignorant of His Death.

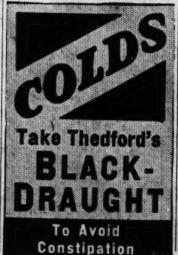

Ben R. Crockett Jr., 41 years old, died of heart disease at his home, 4102 Westminster place, yesterday morning, at a time his wife, Mrs. Katherine Teascale Crockett, 30, was undergoing an operation at Christian Hospital. Mrs. Crockett, who was not in formed of her husband's death, died last night at the hospital.

of a lunch counter at a downtown drug store, had seen his wife at the hospital Tuesday evening, and had made arrangements to be present at 8 o'clock yesterday morning at the time of the operation. When he had not appeared an hour later, sons living in the same house found him dead in bed. Physicians said he had been dead for about an

Special Friday Only in Our Tearooms. CANDIES MATLED ANYWHERE O

Loans made at the Veterans' Bu-reau regional office, 4030 Chouteau avenue, to former soldiers who have taken advantage of the ineased loan value of their adjusted service compensation certificates have totaled about \$2,000,000, E. J. Wieland, manager of the bureau

said today.

The rush to apply for loans, which began Feb. 28, the day after which begain reb. 28, the day after certificates acquired their present loan value, has diminished some-what, Wieland said, but applica-tions are still being received at a rate of about 1000 a day. Applications have been received from 25,000 former soldiers, the total of loans sought being about \$10,-

The bureau is open each day to receive applications from 8:30 a.m. to 5 p. m., but the office force has been at work 24 hours a day handling detalis, Wieland said. He write to inquire about progress being made on their applications as such inquiries serve only to delay

DIPHTHERIA FILLS HOSPITAL IN POINT BARROW, ALASKA

Virturally All Available Antitoxin Used and Future Supply Is Likely to Be Held Up. POINT BARROW, Alaska, March 12.—A renewed outbreak of diph-theria menaced this settlement to-

day, filling the only hospital with patients. Virtually all available Dr. Henry Griest of the Presby-terian Hospital said the health bureau at Fairbanks, which sent a supply of antitoxin last Sunday by Joe Crosson, airplane pilot, had advised him it was hesitant about

sending more serum by plane be-

cause of the expense. The physician replied financial considerations were secondary. He said that if the situation at Wainwright, Southwest of here, became more serious, more than 500,000 units of antitoxin would be needed. Motion picture company air-planes at Fairbanks were reported earlier in the week to be arrang-ing to transport additional serum, but whether financial arrange-ments are preventing this is not definitely known.

Senator Couzens in Hospital. WASHINGTON, March 12.-Sen Garfield Hospital receiving treat-ment for a bladder ailment. His condition was described by hos-pital attaches as not at all serious.

Germany, receiving his education at the University of Leipzig and other German universities. He came to the United States first in 1876, gobrother was a physician, but re-turning to Germany shortly after-

ward by way of South America as a ship's doctor. While visiting friends in St. Louis five years later, as he was on his way to San Francisco, he decided to practice medicine here, and has been in St. Louis since then. He specialized in diagnosis, for which he was noted in the medical profession here.

He had served at times as an instructor in the former Beaumont Medical College and a school for nurses here, and for two years was dean of the now non-existent National University of Arts and clences. He was noted as an amateur photographer and was president of the Missouri Pho-tographic Society.

Surviving him are his widow, Mrs. Fernande Richter, who was his second wife; a son, R. M. Richter, Bedford, Ind.; and a daughter. Mrs. Rembert von Muench Funeral arrangement have not been completed.

SCHNEIDER FAMILY CHILD DIES Girl Was One of Many Adopted by

Hilda Dennett, 18 years old, member of the large family of adopted children of Mrs. Louise G. Schneider and the late Police Sergt. Joseph A. Schneider, died Tuesday night at the Schneider home. 6205 West Park avenue, of pneumonia. She and her brother, Harry Olivand Mrs. Schneider 14 years age and reared by them, although the never were legally adopted. The funeral will be held from the resi-dence at 10:30 o'clock tomorrow

morning, with burial in Lake Charles Cemetery. Old Standard Bartender Dies. William Esson, for many years partender at a saloon operated in Theater, died at City Hospital to day of paralysis. He was 71 years old. He formerly had a saloon at Fifteenth street and Franklin avenue, and lived at 3104 North Jef ferson avenue. His widow and five

FIGHT FOR STATE CONTROL OF CITY **BUSSES DROPPED**

Proponents Yield When Mayor and Comptroller Oppose Exclusion of Service Cars From Froposal.

BILL TO BE ALLOWED TO DIE IN HOUSE

Measure Reconsidered and Amended Four Times After Engrossment Had Been Approved.

By the Jefferson City Correspond. ent of the Post-Dispatch.

JEFFERSON CITY, March 12.—

Defeat of the bill of the St. Louis Public Service Co. and People's with private camp Motor Bus Co., proposing to transfer control of the rates, service and erations of motor bus lines of the two companies from the City of St. Louis to the Missouri Public ervice Commission, appeared cerain today, after St. Louis Representatives handling the bill hadbeen informed the city administration had changed its position and Federal courts i was opposed to the bill in its pres-

Huber of St. Louis, who introduced the bill at the request of a legislaive agent of the companies, were tified last night that Mayor Miller and Comptroller Noite were op-posed to the bill since adoption, when the bill was engrossed Tues-day night of an amendment which lls a provision of the original cing service cars under the mmission regulation, along with

When the bill was up for ensment Williams told the House he bill would be satisfactory to the he offered, drafted by the nto the bill. The House adopt h was offered by Representa Calvin of Franklin County.

To Fight Revival Move. ad, so far as he was concerned to the change in attitude of city administration, and that die on the House informal enared he would fight any move to

red the vote by which the bill was ms, to enable Representative Joffee of Kansas City to offer an amendment which would exclude Kansas City and Jackson County from provisions of the bill, which as introduced, was general in its application. Joffee's amendment, making the executive.

bill apply only to cities of more average man has an to share in molding would affect only St. Louis. was tiny, and that selftemporarily withdrawn before it the long run is more was put to a vote, because of a minor defect, and the bill was placed on the informal calendar ntil the amendment is redrafted. This put the bill where it was before the engrossment Tuesday night, except that four amendents have been written into the When the bill was introduced, tive government.

fayor Miller and other city of he declared, that t icials said the city would oppose money spent to Since that time, however, the Senate, such as the Louis Board of Estimate and by Joseph R. Gru Pennsylvania prin Apportionment, comprising the Mayor. Comptroller Nolte and spent to educate to President Neun of the Board of confuse the voters.

He recognized the recognized that we have dead the recognized the stablishing such a did not concede that him three amendments to the bill and told him the bill would be satisfactory to the city if the amendments were adopted. Huber turned them over to Williams and they were adopted Tuesday. The they were adopted Tuesday. The amendments are designed to pre-serve present powers of the city to collect taxes or fees from the bus lines for use of the city streets and to limit the life of any permit for a bus operation issued by the commission under the bill to the life of the permit or franchise. granted by the city for use of its streets for the particular bus operations.

Williams said he had not communicated with city officials but considered the bill was satisfactory to them, after receiving the amendments drafted by the city's

legislative agent.
Blodgett said he drafted the Blodgett said he drafted the amendments from suggestions given him by City Counselor Muench and Associate City Counselor Senti of St. Louis and had agreed with fornier Senator A. L. McCawley, Carthage, legislative agent for the Public Service Co., for their inclusion in the bill. Blodgett said the Board of Estimate and Apportant

SHALL ST. LOUIS BE TAMMANYIZED?

Jules R. Field, Mayor Miller's secretary and candidate for the Board of Aldermen, enjoys a distinct advantage over his opponent, Walter J. G. Neun, in the primary election to be decided tomorrow. The advantage lies in the support that will be thrown to him by the powerful political machine of Mayor Miller, estimated to control from 15,000 to 25,000 votes. In order to offset this handicap, Judge Neun is well known. They provide a service which ac- must have the support of numerous independent citicounts to a degree for the heavy decline in street car sens who are not dependent for livelihood or favors upon the Miller machine.

The issue in the race between Field and Neun is control of the Board of Estimate and Apportionmen and tricks that are vain. They have secured from in charge of the city's fiscal affairs. This board is composed of the Mayor, the Comptroller and the president of the Board of Aldermen. At present Judge Neun holds the balance of power. He has voted sometimes with the Mayor, sometimes with the Compful business. There are two proposals before the Leg. troller, in accordance with his views as the repre sentative of the city's legislative body. If Mr. Field is to place the busses in St. Louis under the control is elected, he and Mayor Miller will be able to out of the State Public Service Commission, and the vote Comptroller Nolte on any question that comes before the board.

Mayor Miller already wields enormous political power in St. Louis, but he is ambitious to acquire St. Louis districts are all fig- cifically to St. Louis and are not made applicable to more. In the person of Mr. Field, he would take seven new St. Louis districts as ured (by the bureau) as Republican, and the four Jackson County districts as bill, after going to engrossment, has been recalled in The bureau statement read:
the Constitution the Circuit Court is the of Franklin County, the proposal as to service cars is est municipal executive in the country, we would be opposed in principle to such a monopolization of authority.

Our form of city government was carefully planned to include a system of checks and balances. The City Charter contemplates a sharp division between execufrom Jackson County, the total representation from these city districts would vital purpose of the bill, which is to give the State fying the membership of the Board of Estimate, that Who told him the bill as amended is acceptable to each other. Otherwise, why have a board of three members at all? If the framers of the City Charter had contemplated a dictatorship of municipal affairs.

> Because of the fact that Mr. Field's success threattheir records and their promises must take second

The issue before the voters is whether they are willing to permit Mayor Miller to extend his stranglehold on municipal affairs. They must decide whether St. Louis is to follow Chicago, over which broods the sinister figure of Big Bill Thompson; or New York, where the corrupt rule of Tammany has for generations sucked the city's blood until at last even the judiciary has been revealed as a mass of corrup-

It is unfortunate that so important an issue must be decided in an off-year election when the public is disposed to stay away from the polls. That was part They knew that at a similar election four years ago only about 52,000 votes were cast in the Republican primary, and that if all the officeholders, with their families and friends, were mobilized, they would have remarks. Each week it will give prizes for the best an excellent chance to carry the election. That is what has been done. The Miller committeemen, wardheelers and hangers-on are all prepared to shoot their full strength tomorrow. It is for the public to turn out in greater strength and combat them.

St. Louis must not be Tammanyized.

REACHING FOR MORE POWER.

Press Comment on Veto of Wagner Bill

Hoover's veto of unemployment measure goes against advice of labor men, social workers, economists and industrial experts, Philadelphia Record says; his action unwise in current emergency, New York Herald Tribune avers; Philadelphia Public Ledger defends present system; message has a "hollow ring", Baltimore Sun says.

IN DEFIANCE OF EXPERT ADVICE. From the Philadelphia Record. HE President has failed every man

who is out pounding the pavements in search of work," says Senator Wagner about the killing of his bill to establish a more efficient Federal employment service in co-operation with the states. Bitter words. But just words.

Every veto provokes dissent and com-In this case the protest is weighty both because of its nature and because of

It is charged not only that Mr. Hoover struck down sound and urgently needed legislation, but that he did so on misstated grounds. And this is the judgment not of political opponents but of non-partisan economists and industrial experts and social workers whose chief concern is relief of unemployment.

The President's main objection was that the measure would abolish the present Federal employment service, while the substitute system "cannot be made effective for many months, or even years."

"Such," says Senator Wagner, bluntly, "is not the fact." The new service would become effective the moment the other ceased; there were provisions for immediate operation, with a two-year period of adjustment.

This proposal was no hasty improvisation It was based upon recommendations made by the unemployment conference of 1921, of which Mr. Hoover himself was chair-

The bill was introduced in 1928. It was exhaustively considered. It was passed by the Senate 10 months ago, and by the Eouse ine months ago.

It was approved by labor organizations, by the foremost social agencies and industrial research authorities. It was indorsed by the President's own

Commission on Unemployment; Col. Arthur Woods, chairman of that body, personally Yet he stubbornly refused.
"If he did not like the Wagner bill," demands Paul U. Kellogg, "why did he not come forward two years ago with a con-

structive alternative proposal?" Wagner tells why: The country's most urgent need is a nation-wide, well co-ordinated employment service efficiently and fairly guiding the man to the job. After debate covering a decade. Congress met the need in this bill. Mr. Hoover has nullified the work of years.

The theme of his veto is found in his statement: "There is ample time to consider the whole question."

FEARS PLAN WILL NOT WORK. From the New York Times.

THE President does not in the least challienge the principle of the Wagner bill. His great fear is that it could not be made

UNWISE ACTION IN EMERGENCY. From the New York Herald Tribune.

T HE President's veto of the Wagner bill

providing for a national system of free providing for a national system of free employment exchanges in co-operation with the states was based apparently on a counsel of perfection. He found flaws in the measure which he is at pains to point out in his veto message and which undoubtedly constituted objections worth considering. But in view of the emergency that exists and the long time that must elapse before Congress can again legislate on the subject they should not, in our opinion, have stood in the way of his approval,

AN INEXPLICABLE VETO.

From the New York World-Telegram. F Hoover's many mistakes, none is more difficult to understand than his veto of the Wagner bill. The bill embodied recommendations made by Hoover himself the last 10 years. It had the vigorous support of economists and social service and labor organizations. It had the approval of the experts of the present Hoover Emer-gency Employment Commission. It had overwhelming support of the press of the country. It had been passed by Congress. Certainly Hoover's veto statement contains no reasonable explanation.

PRAISE FOR PRESENT SYSTEM.

From the Philadelphia Public Ledger. MR. HOOVER points out that "there is no financial loss to labor in allowing" this bill to lapse." The present system, which includes special services for farm labor and veterans not provided for in the Wagner measure, is well financed and is being expanded.

U. S. SERVICE STILL INADEQUATE. From the Cleveland Plain Dealer.

T HE President complains that the Wagner plan destroys the present Federal employment system without immediately setting up a new one. This contention would be more impressive if Hoover com-missions had not repeatedly branded the existing system as haphazard and inadequate. The net result of this newest Hoover veto is that the Federal employment service must continue for at least nine months more to merit the criticism that Mr. Hoover him self placed upon it years ago-inadequate.

MESSAGE HAS A "HOLLOW RING."

I N his manner of disposing of the measure, the President added nothing to his stature as a statesman. His righteous proclamation of his desire to prevent any upsetting of the Federal employment servicethe most atressed reason for a veto—has a very hollow ring when it is realized that the President carefully, waited until Congress had adjourned to make it, instead of voicing it while there was still time to make an adjustment of this defect, if such there be. On the question of fact involved, proponents of the measure challenge the President's

WHAT THE WAGNER BILL WOULD DO. Prom the New York Evening Post.

D RESIDENT HOOVER is properly con-

cerned not to strengthen the tendency toward Pederal aid to the states, but the Wagner bill is a construction project. Let the program it presents be utilized during five years to lay the framework of a broad system of co-operative state employment services. By the end of that time we should have developed ideas and arrangements which would bring some semblance of order into what is at present one of the werst neglected and disorganized fields in our industrial activity.

dustrial activity.

Maryville, Mo.

From the New York Herald Tribune.

MARYVILLE is progressive and Christian. It has the commission-manager form of city government and is proud of it; its public schools, its library, its lectur and music programs rank high above those of the average Mid-Western community It has five white Profestant churches, one Negro Protestant church and two Catholic churches. Of its 5000 people, close to 1000 are students, and the Northwest Missouri State Teachers College has a fine faculty. Eighty-eight Negroes live in Mary-

On Jan. 12 the people of Maryville and Negro, Raymond Gunn, who had assaulted and murdered a 19-year-old school teacher. paraded him slowly through the town, and schoolhouse, set fire to the school, cheered as the man burned alive, and before the ashes were cold rushed forward to collect

Everybody in the county knew that Gunn was to be lynched. There was no danger of his escaping the penalty of the law. On the afternoon before the lynching the Assisting Prosecuting Attorney told the Sheriff what was planned; he told the Adjutant-General, too, and State troops were available. The Sheriff did not call on them or help. The officials of the law allowed the courthouse, the yard, the streets to be jammed with people known to be armed.

Almost everybody in town approved the nob murder. A college student who worked part time in the county courthouse wrote to the local paper that "the Negro is a citizen of the United States and should be treated as such. . . . Let us accord the black man all the justice that is due him from a liberty-loving people." For that he was dismissed by a county officer.

The people of Nodaway and neighboring counties applauded. "Our hats are off to them for making sure that Gunn would never commit another crime," said the Highee News. "Justice is too slow in this country," said the Milan Standard. "The Negro got his just deserts." A motion to repudiate the crime was defeated in the tate Legislature. Everybody knows who was responsible; no one will be punished, it is asserted.

We are indebted for most of these barbaric facts to the Federal Council of the Churches of Christ in America, which sent back to Maryville a Methodist minister whe had preached there for many years. The most curious part of his report deals with the sermons preached in Maryville on the day following the lynching. One minister preached on the grace of God in daily life, sion of a drunkard. Another preached on secution of Jesus, who "opposed the gamblers in the Temple." Still a third circulated a petition to close a poolroom, and a fourth had the incredible effronter; to talk of missionary work in foreign

Don't let Rancid Oil in Stale Coffee keep you awake!

No RANCID OIL in Chase & Sanborn's ... it's guaranteed fresh

Every can plainly marked with the date your grocer receives it!

MEDICAL research has now discovered that rancial oil found only in stale coffee is directly responsible for indigestion, headaches, sleeplessness. There is one certain way you can avoid this menace. Use

Chase & Sanborn's, the coffee that's guaranteed fresh. This coffee is rushed to your grocer, straight from our roasters, every can plainly marked with the date he receives it. Regularly our inspectors visit your grocer. If they find any can whose date shows it is more than ten days old, it is immediately replaced with a fresh one.

There seldom is need to replace any, because our de-liveries are so frequent and your grocer's needs so carefully analyzed. But at any rate, you can't possibly buy a stale can of Chase & Sanborn's Coffee.

Avoid the dangers of stale, rancid coffee. Insist on Chase & Sanborn's, and look for the date when you buy! You'll find this delicious quality

ALL COFFEE CONTAINS OIL : . approxim a half cup to every pound of coffee. In fresh coffee this oil is as sweet and fragrant as fresh butter. But when the coffee gets stale this oil turns rancid, just as butter does. It actually spoils ... becomes toxic and dangerous. Science says this rancid oil causes indigestion, headaches, aleeplessness. Don't take chances. Use Chase & Sanborn's, the coffee you know is fresh. Then you'll be safe from the dangers of rancid oil!

CHASE & SANBORN'S COFFEE-Dated

on every can!

Look for the date

ning. The ceremony will be performed by the Rev. John F. Caskey at the University City Methodist Church, and will be followed by a supper for the bridal party and families at the home of the bride's

In Educational Field.

Conditions in the educational field, said Ross, had been improved somewhat by the campaign for academic freedom waged by the Association of University Professors. He believed that high school teachers should similarly organiz to protect their professional integrity. If they failed to do this, he predicted there would be "constant mysterious disappearances of teachers of civics and history" who of-fended capitalistic interests.

Ross said that, where as only 12 per cent of the farmers were or-ganized, and only 13 per cent of labor, the business organizations em braced from 50 to 60 per cent of the persons eligible.

"If there is any class that has formulated its demands in a more narrow and selfish way than the Chamber of Commerce of the Unit-ed States," said Ross, "I don't know what it is. You can read the de mands of the farmers and of labo without blushing, but you can't read the demands of the United States Chamber of Commerce without blushing."

The progress of liberalism in the United States, said Ross, was checked by the war and by the Russian experiment which had accessfully used as a bogey by the tandpat interests. He believed that this bogey had been almost worr

"There is reason to believe that the long night we have had since the war," said Ross, "won't last much longer. We may begin to hope for a cheerful, forward lib-

Taking the platform for a mo-ment, Robert P. Scripps of the Scripps-Howard chain of newspapers, said he desired to correct the record at one point. He had noted the remarks of Prof. Ross that editors who had offended business interests were some times called into secret Chamber of Commerce meetings and threatened with withdraw al of advertising. None of the editors in his organization, said

Scripps, had ever been invited into such a conference. Rational Liquor Policy.

Beard said that "progressive opinion is against any blanket repeal of the eighteenth amendment which does not substitute a rational system of public control over the manufacture and sale of alcohol." He brought up prohibition in reply to questions propounded to the conference by Senator Watson of

Indiana, the Republican leader.
"While there is reason for treat ing prohibition as a red herring to drive the people of the United States off the main trail, it may be faced," Beard added. He emphasized his reply was not his per-sonal opinion "but the answers as I find them written in the progres sive opinion of the country."
Replying to other questions

Replying to other questions by Watson, Beard said "the weight of progressive opinion" is against the Government undertaking ownership and operation of the railways but he insisted the Government must provide for co-ordination of traffic and for economies lest Government ownership be demanded.

He added progressive opinion is against "wholesale nationalization" of electrical power business, he said. However, Progressives demand that the Federal and state governments insist on principles of "prudent investment in capitalization, the elimination of stock juggling, inflation, and competent

about to buy an electric refrigerator

Of course you will want the very finest refrigerator you can buy. One that can be depended upon to keep foods properly fresh even on the most sizzling of summer days . . . one that will offer every modern convenience . . : one you'll be proud to exhibit to visitors many years from today.

Did you know that Frigidaire, always in the forefront of its field, is responsible for developments in the past fifteen years that have made household refrigeration so healthful, convenient and economical?

The Frigidaire shown in the adjoining photograph, for instance, offers advantages you would possibly not expect to find in any refrigerator.

We hope that you will look into the advantages of Frigidaire very thoroughly before you decide which of the many good electric refrigerators to buy. We invite you to do so at the Frigidaire store most convenient to your home.

And, if you have a matter-of-fact, mechanically-minded husband, we will be especially pleased if you will bring him along!

ADVANCED GIFFIGIDAIRE REFRIGERATION

In gleaming white Porcelain Frigidaire offers a new standard of Advanced Refrigeration

From their service-shelf tops to their graceful streamlined legs, the new Frigidaires represent a fine achievement in modern refrigeration.

The striking beauty of the pure all-white porcelain cabinet harmonizes perfectly with any kitchen color scheme. And these new Porcelain-on-steel Frigidaires are as brilliant in performance as they are in appearance—combining improvements and refinements that distinguish Frigidaire from all other refrigerators.

You will appreciate the faster freezing made pos-

sible by the "Cold Control" ... ice cubes that tumble so easily from the Quickube Ice Tray ... the crisper regetables you take from the Frigidaire Hydrator. You will recognize at once the advantages of the seamless, acid-resisting porcelain interior ... the elevated food shelves...the surplus-powered, concealed unit that operates so quietly and at such low cost. Here is Advanced Refrigeration-advanced in all that the term implies. And because of these advanced features and the savings they make possible, Frigidaire is the truly economical refrigerator to own

Now... Shell makes it possible for motorists to save Millions

See, on this chart, what Shell has done . . . It may cut down your driving costs many dollars

OW many motorists need buy extrapriced gasoline to get utmost efficiency from their motors?

With so many types of gasoline on the market, and with such a confusion of claims for them, the car owner has been bewildered.

Shell does not want to sell premium gasoline for engines that do not need it. As a simple matter of good business, Shell believes it pays to give motorists what they ought to have.

Shell is now ready to supply gasoline—at regular prices—which more than 75% of all cars can use with perfect satisfaction. Long and costly research with actual engines and hundreds of fuels, has made it possible.

New Improved Shell 400

Shell offers it to all car owners today. New Improved Shell 400—a unique gasoline that marks a great step forward in motor fuels.

In anti-knock value, New Improved Shell 400 is far above common regular priced gasolines—in fact, above many premium priced brands.

At least 3 out of 4 motorists can use itand forget any question of paying an extra 3 cents per gallon! New Improved Shell 400 will give them all the anti-knock value, quick starting and power their engines are capable of, at a real money saving.

A second important advance -Super-Shell Ethyl

For the less than 25% of engines which should not use New Improved Shell 400, Shell has perfected a second new fuel—Super-Shell Ethyl! To a fine grade of high test gasoline-exceptionally volatile, quick starting and powerful -has been added a heavy Ethyl fluid content.

This 25% or less of today's cars cannot get full economy from "just any" premium priced gasoline. If they could, New Improved Shell 400 at regular prices would serve them!

They need Super-Shell Ethyl's extremely high anti-knock value, its instant pick-up. There is a saving to them in every filling of Super-Shell Ethyl—a saving in future repair bills, as well as in mileage and performance!

A test you owe your own pocketbook

No test of common gasolines can tell you if you are wasting money today. The only way to know is to run New Improved Shell 400 in your own engine. 3 motorists in 4 will find it works even better than the average premium

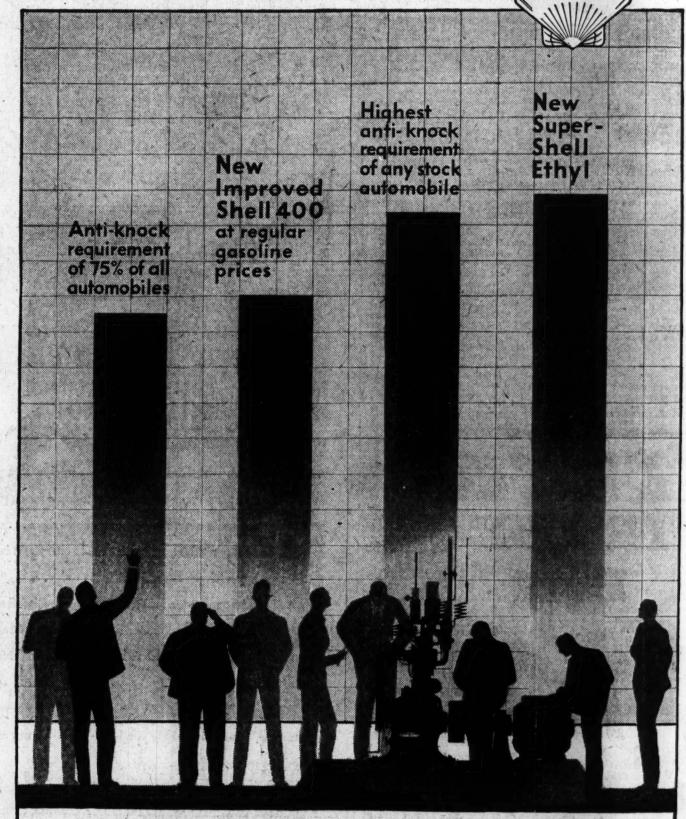

Then, if your car is one that needs Super-Shell Ethyl, you can tell on one tankful of this fuel. Try New Improved Shell 400 first -then Super-Shell Ethyl if you require it.

Make the trial now! The reward to 3 people out of 4 is perfect motor operation at new low costs. And, for the other 25%, truly super performance at genuine economy in mileage, upkeep costs, motor life.

Does it give you more mileage?

While there is evidence that New Improved Shell 400 gives most cars more miles per gallon of gasoline, only the experience of thousands of drivers can verify this added saving. Your Shell station man, at the time he fills your gasoline tank, will hand you a post card like that above. Use New Improved Shell 400 and then tell us, by marking and mailing the post card, whether you secure more miles per gallon from it. Your co-operation in this test may help others to reduce their motoring costs.

A GREAT STEP FORWARD IN MOTOR FUELS

At last, a measuring unit for antiknock values - the new Octane Number ratings! To establish them, Shell tested hundreds of gasolines. Common fuels were found to lack sufficient anti-knock value for many makes and models of cars.

Now, note the chart. Here is fuel at regular price that is ideal for at least 75% of all cars on the road. The highest Octane Number requirement of 75% of all cars is 58. New Improved Shell 400 exceeds this figure—tests about 60. Thanks to this fuel, less

buy premium priced gasoline.

A second new fuel, Super-Shell Ethyl, with an Octane Number of 74, exceeds the anti-knock needs of any stock automobile. It is recommen only for those cars it can really benefit

NEW IMPROVED

Definitely better than many present premium fuels, yet sold at regular prices—at least 75% of all cars can use it satisfactorily

For the less than 25% of cars which require an extremely high anti-knock value to operate most efficiently. Priced three cents more per gallon

SATURDAY IS THE DAY! EVERYONE IS INVITED

Doctor's THREE RULES Big Help to Constipation

WHAT a joy to have the bowels move like cleekwork, every day! It's easy, if you mind these simple rules of a famous old doc-

tor:
1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.

3. Try for a movement at exactly the same hour daily.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning out, and it won't leave you weak and uncomfortable. This family doctor's prescription is just fresh laxative herbs, pure

pepsin and other mild ingredi-

child. But how it wakes up those lazy bowels; How good you feel with your system rid of all that

poisonous waste matter.

Clean up that coated tongue, sweeten that unpleasant breath, and get rid of those billous head-aches. Dr. Caldwell's Syrup Pepsin will soon free the bowels from waste. You'll eat better and sleep better, and feel better all over. Generous bottles at all drugover. Generous bottles at all drug-

110 Freddy Willen, South Broadway featherweight, will get an oppor-tunity to wipe out a defeat administered to him early in the season by Joey Parks, Western A. A. U. featherweight champion, when the pair meet tonight in the fea-ture of a boxing card at the South Broadway Athletic Club.

Parks, who is having a successful season, is confident that he can defeat Willen even more decisively Equation ..... 115 Fifth race, 5800, the Hotel Carling than he did in their former bout and thereby advance his standing in amateur ring circles. Joey is considered one of the brightest ring prospects in the district.

HE second dead heat of the
1931 racing season brought a pair of 2-year-olds coupled as the Pantages entry over the line together in the fourth race at Agua Caliente yesterday. They were Sharp Thoughts, owned by Lois A. Pantages, and Hissilia, from the Meadowbrook Stable. They were timed at 53 4-5 seconds, fust three-fifths behind the track record, for the four furiongs. S. Polk's Fred Almy finished third.

## By JEAN KNOTT St. Louis Boxer Barred From Chicago Event, Victim of Fight Here for Control of Amateurs

By W. J. McGoogan.

Frank Doxey, flyweight boxer of this city, stands today the innocent victim of the guerilla warfare which disrupted the ranks of the amateur boxing promoters and managers a year ago and St. Louis has been robbed of a chance of having a champion in the Golden Gloves tournament, blue ribbon amateur boxing event held in Chicago each year under the auspicies of the Chicago Tribune.

After winning two bouts in the sioner at Springfield and that Ben-Golden Gloves, Doxey was barred—son issued the card. according to the Tribune, for "pro- al eliminations at Springfield and fessionalism;" but according to won the flyweight division contest. Roy E. Davis, president of the giving him the right to compete in Central A. A. U., which includes the Golden Gloves. Probst said that when he was Chicago, he was barred for particiasked Doxey's status by pating in boxing meets not sanctioned by the A. A. U. under whose Brundage, president of the A. A. rules the Golden Gloves is con- U., he replied that Doxey was not

Those close to amateur 'boxing Central A. A. U., as he resided in affairs in St. Louis feel that the territory controlled by the West-trouble goes back to the battle between the Western A. A. U., which registered with the Western A. A. includes St. Louis, and several ama- U., he was ineligible for the Gold tear boxing organizations here en Gloves.
which resulted in the clubs withdrawing from the Western and barred, however, according to the forming the Mississippi Vailey Athletic Association, which now con-ducts virtually all of the amateur claring that he never has received a cent for boxing. He asserted he had refused several chances to

boxing contests held in this city.

A. A. U. Bars Valley Boxers. When the Mississippi Valley was turn professional in the hope that formed Robert E. Probst, president he could win an amateur title: of the Western, announced that and he had his heart set on the boxers who participated in its Golden Gloves because of the fact MIAMI, Fla., March 12.—Unable meets would be barred by the A. A. that, had he won the flyweight tito break a golfing deadlock before U. which meant they would not be tie, he would have been chosen to darkness fell last night, Gene Sarazen and Johnny Farrell had to go to the links for 18 holes today to end their 40-hole tieup with Willie MacFarlane and Wiffy Cox for the

ST. LOUIS

NE

ST. LOUIS MERCHANTS' EX-CHANGE, March 12—Wheat closed %c net lower and corn unchanged prices. In sales, 000 Achains wheat shipments, but Russian clearance was reported after wheat old fractionally higher early. Late selling of wheat was credited to report of snow in Canada and North Dakota spring wheat territory and favorable comment heard as to domestic winter wheat outlook. Corn primary receipts were smaller than last week or year ago.

There was forecast of smaller Argentine wheat shipments, but Russian clearance was reported larger.

The control of the shipments and the control of th

Russian clearance was reported larger.

Winnipeg closed %c higher.
Liverpool came %d higher in one cable. The close was %d higher.

July wheat opened at 62%; May corn 64% and July corn 67%.

Local wheat receipta, which were 113.400 bushels, compared with 113,400 last week and 77,000 last year, included 47 cars local and 34 through. Corn receipts which were 33,600 bushels, compared with 42,000 last week and 84,000 last year, included 17 cars local and 7 through. Oats receipts which were 68,200 bushels, compared with 68,200 last week and 46,200 last year, included 21 cars local and 10 through. Hay receipts were 6 cars local and 1 through. ough, has receive were of and I through.

## "I Don't Fee! Just Right, Doc"

(The Common Way of Describing Acidity)

The Common Way of Describing Acidity

You're not sick, yet not well Your stomach isn't just right, yet don't sleep well and you tire easily. Your color isn't what it should be and you probably look drawn.

A sort of vague, run-down celling is one of the first sympto as of acidity. Acidity is due to our unnatural eating, our irregula hours and other excesses. The excess acid upsets digestion and causes putrefaction and fermentation in the gastro-intestinal walls and acts as a mild aupsets digestion and causes putrefaction and fermentation in the gastro-intestinal canal. This frequently results in sick headaches, dizzy spells, "nerves," mental depression and general lassitude.

A remarkable new corrective of acidity has been de cloged by a famous 100-year-old pharmaceutical house in German.

This new, improved magnesia comes in the form of small, white tablets, called Magnesia Oxolds, which do not have to be chewed, but may be swallowed whole. Magnesia Oxolds, which do not have to be chewed, but may be swallowed whole. Magnesia Oxolds, upon contact with the acid in he stomach generate mascent, or active, exygen, Now, active oxygen, as any doctor will tell you, when generated within the digestive tract does just the things refund your money.

\*\*Tournell for acidity, It stimulates the secretion of the alkaline mucus. The secretion and fermentation in the gastro-intestinal and fermentation in the gastro-intestinal and acts as a mild and and acts as a mild and acts as a mild and walls and acts as a mild and acts as a mild and acts as a mild walls and acts as a mild and acts as

clines in Several Lines Since February, 1930.

Acquisition of five new industries and the expansion of six established plants in the St. Louis industrial district during February vere announced in the monthly report of the Industrial Club of St. Louis, issued yesterday by George C. Smith, director.

Employment was afforded for 08 persons, and the construction of \$6,245 additional square feet of actory space was necessary, while 58,400 square feet of existing space vas absorbed.

"The local barometers," the report stated, "would seem to indicate that business has not improved in keeping with the improvement in sentiment toward it. With little or no basis in fact for sustaining the sentiment, there is a strong probability that pessimism may again develop to an extent that usiness revival will be further ostponed."

Numerous Business Decreases. The principal business barometers for February, 1931, as com-pared with February, 1930, are summarized in the report as folows: Building permits decreased 24.58 per cent; bank clearings decreased 35.26 per cent; debits to individual accounts decreased 21.54 per cent; postoffice receipts de-creased 12.98 per cent; loaded freight cars handled by the Ter-minal Railroad Association decreased 22.75 per cent; water consumption decreased 11.99 per cent; barge line tonnage decreased 22.09

For January, 1931, comparedwith January averages for the pre-ceding five-year period, the folowing figures are given:

Telephone calls decreased 10.81 per cent; revenue street car apd bus passengers decreased 25.46 per

## **Not A Cheap Help But** Safest For Trying Coughs

Creomulsion is not the cheapest help for coughs from colds. It is made to do the utmost, whatever the condition. It combines in one prescrip-tion seven of the world's best helps. tion seven of the world's best helps.

It is made in particular for coughs from colds that worry you. There is where one dare not risk a help of lesser value. But is it wise in any cough to trust a less effective help? Creosote is in it, blended, emulsified and tasty. In an ideal way it presents the supreme help for soothing membranes and combating cold germs. But there are also white pine tar, wild cherry bark, menthol, ipecac, etc. Each is best for some coughs. Here we combine all major helps to

fight coughs to the limit from the start.

Because of this expensive combination, Creomulsion costs a little more than lesser helps. The price is \$1.25 but your druggist guarantees it. He returns your money if you ask for if.

A three-day cough is a danger signal. There you must use Creomulsion to be sure. But is it wise to trust any cough to lesser help when the utmost is at your command? You never know where a cough may lead. Treat it with the best men know.

CREOMULSION for Difficult Coughs from Colds

The Post-Dispatch offers readers a far larger number of rooms for rent than are listed in all the other St. Louis newspapers combined it is the recognized renting medium in St. Louis.

# YOU HAVE 2 DAYS!

In Which to Buy Furniture at the Lowest Prices

Survey, However, Shows Declines in Several Lines Since February, 1930.

and the expansion of six estabished plants in the St. Louis in dustrial district during February were announced in the monthly report of the Industrial Club of St. Louis, issued yesterday by George C. Smith, director.

Employment was afforded for 208 persons, and the construction of 66,245 additional square feet of factory space was necessary, while 58,400 square feet of existing space

was absorbed. "The local barometers," the report stated, "would seem to indicate that business has not improved in keeping with the improvement in sentiment toward it. With little or no basis in fact for sustainprobability that pessimism may again develop to an extent that isiness revival will be further ostponed." Numerous Business Decreases.

The principal business barome ters for February, 1931, as comared with February, 1930, are lows: Building permits decreased 24.58 per cent; bank clearings decreased 35.26 per cent; debits to individual accounts decreased 21.54 per cent; postoffice receipts decreased 12.98 per cent; loaded freight cars handled by the Ter-minal Railroad Association decreased 22.75 per cent; water con-sumption decreased 11.99 per cent; barge line tonnage decreased 22.09

For January, 1931, compared with January averages for the pre-ceding five-year period, the fol-

lowing figures are given: Telephone calls decreased 10.81 per cent; revenue street car and bus passengers decreased 25.46 per cent on the lines of the St. Louis Tou're not sick, yet not well. Your stomach isn't just right, you won't sleep well and you tire easily. Your color isn't what it should be and you probably look drawn.

A sort of vague, run-down feeling is one of the first symptoms of acidity. Acidity is due to our unnatural eating, our irregular hours and other excesses. The excess acid upsets digestion and causes putrefaction and fermentation in the gastro-intestinal canal. This frequently results in sick headaches. All three effects are necessary to the true relief of acidity and Magnetial lasting.

A remarkable new corrective of acidity has heer developed hive to the true of the intestinal canal. This frequently results in sick headaches. See for yourself how much acid has to do with your run-down continued to the continued of the intestinal canal. This frequently results in sick headaches.

See for yourself how much acid that to do with your run-down continued to the carried of the intestinal canal. It is exercised a stimulating that it is a single the putrefaction and fermentation in the gastro-intestinal alls and acts as a mild alaxative in larger doses.

All three effects are necessary to the true relief of acidity and Magnetial electricity supplied by the Union Electric Light and Power Co. increased 56.19 per cent, and industrial electricity supplied by the Laclede Power and Light Co. increased 40.21 per cent.

By ANN ROBERTS.

CHAPTER ELEVEN.

TITHEN Claire MacIntyre entered the general office of the Clayton w plant that morning she was almost knocked off her feet by a very excited Luke Winters, who came stumbling down the steps, hat in hand. "What's the big idea?" she protested. "Getting married this

morning?" He caught her arm. "They burned one of our trucks and Jim

Davidson was in it! Got to go see about it." "Oh!" she cried weakly.

"They stole it behind a tailor shop up on Clark, drove it out north, soaked it with gas and touched her off." He continued to move toward the door. She followed him out

SYNOPSIS.

LAIRE MacINTYRE, known

as "Mac," a beautiful and ambitious girl, determines

upon a business career in Chiapon a ousness career in Chi-cago when she is graduated from State University. She is in love with Johnny Goodman, handsome, talented as a musi-

cian, but undependable. Johnny heads a little band of collegians

for a summer engagement in Paris. Mac, against his protests, goes to Chicago, determined to embark on a business career. She has had some ex-

perience in the cleaning and dyeing business at college. Mac

learns that this business is threatened by racketeers in Chi-

cago. She finds work in the of-fice of the Clayton Company, cleaners and dyers. "R. J.," the big boss, becomes interested in Mac. Her big chance in the of-

fice comes when she volunteers to go to lunch with a racketeer,

Green, who has written a cov-ertly threatening letter to Clay-

"lay off" the Clayton establish-ment for a month. Clayton, de-lighted with Mac's achievement

invites her to a party at his house on the evening Johnny

Goodman is to arrive in Chicago

from Paris. Other gangsters,

rivals of Green's racketeers, de-

"I haven't kissed a man since you

"By."

Green, charmed with Mac

to the sidewalk. "Fellow in a car happened to go by just after it started to burn and got Davidson out. He'll live, but he's in pretty bad shape." Luke jumped into his coupe, which was standing at the curb.

"I'm going with you," announced Mac, following him into the car. "I'll have to make adjustments on the clothes, anyway.'

They roared away. "You'll have a sweet bunch of complaints," said Luke grimly. "It was the first delivery. Guess it was

"Oh, you're sure that Davidson is all right?" "Yes. The fellow took him to hospital, Lucky break for him."
"And here Green promised me

they wouldn't do anything!" "It wasn't his crowd," explained "It was the association crowd. They had the nerve to call up a few minutes ago and tell us all about it."

"Said they were going to do some more, too."
"Oh, Luke, isn't that just too

"I think it's all boloney. They've But doesn't it burn you down, any-

"How do you know where to go?" "Well," he said, narrowly missing a collision with another car as they sped across an intersection after the traffic lights had changed, "Pinky McFarland was inside the store, when these two noodlums jumped on Davidson When he ran out, he saw the truck moving off, He called the office and notified the police, but the police wouldn't have found the truck for a couple of days if the motorist who rescued Davidson hadn't re-

"Have we ever had any trouble with International before?" "Never. Oh, they told us several times to keep out of Rogers Park, but we never laid off."

"And here I thought everything was going to be all right," wailed

THERE was a great crowd and get them started, and drop off to see you at 1:30." arrived. A fire squad was wetting the embers with hand extinguishers. They were still very wary of it because the gasoline

nants of clothing scattered in the The unfairness of it all made her grip Luke's arm furious-

"Come on," he said, "let's get "Come on," he said. "let's get back to the office. Everybody's other's arms, then. There was the lovely moment when they kissed... went to Milwaukee last night. You Long, long kisses. and I are about the only ones around. Lots of work today, kid."

They drove back in glum silence.

It was a heetic morning. There while he had been gone from her. were a thousand details to be at-tended to. About 10:30 her tele-She felt his heart, hurrying so.

this Miss MacIntyre?" "Speaking," she snapped. "Well, this is Mr. John J. Good-

man. I'd like to see you about some cleaning." "Johnny!" it was a joyous shout.

"Why-I thought you were comg in at 2."
"I caught the Century. Thought regarded him with heavy eyes. He cient dye. ing in at 2.' was the same sweet old Johnny. His kissed lived in her blood. Love is

## Lemon-Magnesia Pack **Amazes Beauty Experts**

Whitens Skin Quickly and Safely ...

Draws Out Blemishes . . Discolorations . . . Freckles Refines Coarse Pores... Lifts and Youthifies Skin ...

A NEW discovery, a secret French formula, will show you in less than ten minutes how easily you can have a clear, flawless white akin. You simply spread a fragrant, pure white cream, called Boncilla Lemon-Magnesia Pack, on your face and neck. In nine minutes it dries into a soft, pliable mask. You remove the mask and find that your skin is two to three shades whiter, clear and soft and with a natural color no rouge can bring. Lemon and magnesia, wonderful puriners and whiteners, combined with other secret ingredients, act immediately to remove all discolorations—tan—sallowness art age signs. Blackheads and blemishes are dissolved and carried off; coarse ports are closed and

When the genial G. K. Chesterton asserts that it was probably the cave-woman who carried the club, and that the cave-man was the first authentic edition of "Mr. Jiggs," he little knows how many young feminine illusions he shatters.

No matter what kind of face a girl is born with these days, by the time she finishes putting on the modern improvements it is some thing that Nature never dreamed of.

The "Bachelor Girls' Exhibition" in London features a Chamber of Horrors, which include a ducking-stool, a scold's bridle, boned collars, steel-ribbed corsets and forcible feeding.

It is not disclosed whether or not this priceless exhibit contains eyebrow-tweezers, invisible stockings, face-peelers, spike-heeled shoes, summer furs, backless evening gowns, sleeping pajamas, facelifting instruments, permanent waving machines and reducing diets including spinach—all the instruments of torture with which women starve, freeze, parboil and mangle themselves today.

## Use Kleenex then destroy

IMPORTANT to the health of every man, woman and child in the United States is the latest scientific information about the impor-tance of Kleenex during colds.

tance of Kleenex during colds.

This information comes as a result of tests performed on ordinary handkerchiefs used during colds. These handkerchiefs, without exception, were found literally teeming with disease germs. Used even once, a handkerchief may contain over 200,000 germs! These germs are carried back to the face by the ordinary handkerchief . . . but are destroyed when you use Kleenex.

Kleenex is a soft, super-absorbent tissue. So inexpensive that you use each tissue only once, then discard. So gentle that irritation is impossi-ble. Every tissue that touches your face is clean and dry.

What Kleeness is

TESTS SHOW:

2. That handkerchiefs used by per-sons having colds may contain as many as 4,170,000 germs per hand-herchief. The organisms included are those associated with colds.

Kleenex reduces your laundry bill It is perfect for children.

SYNOPSIS. YN THE first three installments of this story, Mr. Pas-ley, a veteran Chicago newspaper man, told how Al Capone, an obscure thug was selected by Johnny Torrio, boss of Chicago's liquor syndicate, to head the plug-uglies who were sent out to "eliminate competition." Ca-pone's power increased until he was regarded as second in com-mand to Torrio, whose gang congregated at the notorious Four Deuces Club, a tough resort in the Chicago badlands. With the death of "Big Jim" Colosimo, who was shot down in his cafe. Torrio extended his hold upon the underworld. Capone, his right hand man, who has since been labeled "Public Enemy No. 1" by the Chicago Crime Com-mission, had his first brush with the law when his automobile

crashed into a taxicab. Capone waved a pistol, threatening the driver and was arrested. But even then he was immune to even then he was immune to punishment. He did not appear in court, the case was mysteri-ously dropped and he went his way. Capone, accused by the police in the murder of Joe Howard, was never brought to trial. With pistol and black-jack he eliminated the O'Don-nelle from the field. With the nells from the field. With the aid of Dion O'Banion, the gangster took possession of Cicero, a suburd. Capone and Torrio had the whisky, gambling and vice concessions while O'Banion head-ed the beer syndicate.

Galdston, for the New York
Academy of Medicine.

Glands.

N recent years we have heard a great real about glands.
Goat glands, monkey glands, gland transplantation, and the like gland transplantation, and the like are subjects that have befuddled the public mind, and, in a measure. made the rational appreciation of an extremely romantic and scien-tifically fascinating chapter in science well nigh impossible. But, behind and underneath the

mass of pseudo-science, charla-tanism and broad humor encum-bering the story of glands and their functions, there is a hody of well established facts that promise to give us better insight into the operations of the human body, and possibly, too, the means to better

ombat certain diseases. Glands are collections of cells, variously grouped and organized. which abstract from the blood certain definite substances. These abstracted substances are altered and secreted by the glands.

Thus, for example, we have the weat glands, which take from the blood a substance we call sweat. The salivary glands secrete saliva. The liver, largest single organ in the body, also acts as a gland and secretes bile.

Certain glands in the body pour their secretions through a channel called a duct. Saliva, for exam-ple, reaches the mouth cavity through six ducts, one for each gland. This type of gland pours hence is known as a gland of external secretion.

There are, however, certain glands which have no ducts. These giands do not pour their secretions out from the body, but into the blood stream. These are termed ductiess glands, endocrine glands, or glands of internal secretion. Certain glands are strictly glands of external secretion, for example the sweat glands. Certain others, such as the thyroid, are

strictly glands of internal secre-Other glands, such as the fiver, the pancreas, or the sex glands, are glands of both internal and of

## FLAVOR, NOT WORDS

HAS MADE IT

Words cannot deceive the palate. Advertising cannot put flavor in a coffee cup.

The drinking thereof is the proof of the coffee. The flavor must be there or you will not buy again.

That's why the outstanding leadership of Maxwell House Coffee seems to us, frankly, to be proof positive of its superiority.

More people drink it than any other fine blend because more people prefer its rich and mellow

Think of this fact when next you order coffee.

What better pledge of satisfaction can you get than the constant promise-

ionable Parisians are carrying and roll in sugar to which a little tweed, silk, wool even fur bags, salt has been added. Melt butter made of exactly the same fabric as their frocks or coats. The clasps of carrot and as soon as the edges of the bags are generally of dull curl and brown sprinkle with parameters. The log printed herewith will be a guide for listeners owning re-ceivers whose dials are marked in kilocycles. It should assist owners of sets with dials marked in the old way—"0-106," as it will give them the relative positions of sta-tions. It is impossible to devise a log that will be anywhere near ac-curate for "0-100" dial sets. It will be noted that no stations are listed for some channels. This is because they are blanked by other stations or because no one station can be tuned in always on any of them.

## FLAVOR, NOT WORDS

HAS MADE IT

Words cannot deceive the palate. Advertising cannot put flavor in a coffee cup.

The drinking thereof is the proof of the coffee. The flavor must be there or you will not buy again.

That's why the outstanding leadership of Maxwell House Coffee seems to us, frankly, to be proof positive of its superiority.

More people drink it than any other fine blend because more people prefer its rich and mellow

Think of this fact when next you order coffee.

What better pledge of satisfaction can you get than the constant promise-
